

THE HEARTFUL PRACTICE OF WORKING THERAPEUTICALLY WITH CHILDREN

A 10 Day Workshop in PERTH WA

The Play Therapy 10 Day Intensive Course: Heartful Practice in Working Therapeutically with Children is an immersion process into the wonderful world of non-directive Child Centered Play Therapy, a deeply respectful and effective form of counselling or psychotherapy for children from 2-10 years old. Child Centered Play Therapy fosters the innate potential and encourages the unique development and emotional growth of children. This workshop and course offers participants the opportunity to learn about Child Centered Play Therapy principles and practices in a safe and supportive environment and many of these can be very successfully integrated into other counselling approaches, work roles and settings with children. The course includes theoretical and experiential learning, case presentations, Play Therapy demonstrations, role plays and personal reflection processes, DVD material from world leaders in Play Therapy and Prenatal and Perinatal Psychology.

WORKSHOP 1 INCLUDES

- Foundation of play and the importance of play in the child's world;
- Principles and practice of CCPT including the 8 basic principles, therapeutic dimensions of the play therapy relationship, key healing messages and toys/equipment and space required;
- Practical considerations;
- Indications and contraindications for the use of CCPT;
- Core therapeutic skills development, reflective and empathic responding and therapeutic limit setting;
- Recognising and understanding the therapy process and evaluating the child's internal progress, identifying therapeutic stages and themes of play.

WORKSHOP 2 INCLUDES

- Deepening into the heart of Child Centered Play Therapy
- How play heals, neurobiology and attachment through a trauma lens
- The fascinating field of Prenatal and Perinatal Psychology,
- Advanced Play Therapy skills development and sensitivity training
- Working with nonverbal children, very young children and children in regressed states
- Working with children in different stages in the Play Therapy process, identifying themes and stages.
- Intake interview, case conceptualisation and treatment planning.
- What do I need to know about myself when working with children?
- Transference, counter-transference and projective identification in Play Therapy Practical
- Working with children with special needs and varying backgrounds
- How Play Therapy practices can enhance your professional practice
- The uniqueness of Play Therapy in helping children heal and grow
