

THE HEART & PRACTICE OF CHILD CENTERED PLAY THERAPY

A 3 Day Online/Distance via zoom

The Heart and Practice of Child Centered Play Therapy workshop is an introduction to the wonderful world of humanistic Child Centered Play Therapy, a deeply respectful, evidence based form of counselling and psychotherapy for children from 2-10 years old. In this Play Therapy approach, the Play Therapist enters the world of the child, following the child's lead, developing a safe place and a relationship of trust. Play is the child's natural language and the toys can be used like words. Child Centered Play Therapy fosters the child's innate potential, encouraging the unique development and inner growth of the child. It provides opportunities for early intervention and healing for children experiencing emotional, psychosocial, behavioural and/or developmental difficulties. In this workshop, participants will learn about Child Centered Play Therapy practices and principles in a safe and supportive environment. Many of these can be successfully integrated into other counselling approaches, work roles and settings with children.

Workshop 1 Includes:

- You will be introduced into the wonderful world of CCPT and its theoretical framework and evidence base;
- Foundation of play and the importance of play in the child's world;
- Principles and practice of CCPT including the 8 basic principles, therapeutic dimensions of the play therapy relationship, key healing messages and toys/equipment and space required;
- Practical considerations;
- Indications and contraindications for the use of CCPT;
- Core therapeutic skills development, reflective and empathic responding and therapeutic limit setting;
- Recognising and understanding the therapy process and evaluating the child's internal progress, identifying therapeutic stages and themes of play;

Play Therapy Australia is Australia's leading training organisation in Child Centered Play Therapy.

Play Therapy Australia offers a pathway for those with qualifications in counseling, psychology, social work and other mental health fields to become a Registered Play Therapist with the Australian Play Therapists Association (APTA), the peak Play Therapy association in Australia.

Play Therapy Australia is an approved training provider for professional development with the Australian Counselling Association.

Workshop Presenter: Donna Berry

Donna is a qualified Social Worker, Play Therapist and Play Therapy Clinical Supervisor and is a clinical member of the Psychotherapists and Counsellors Association of Western Australia. She is an inspirational, leading trainer in Child Centered Play Therapy in Australia and is an expert in this field.

Donna has more than 18 years experience working with Children and Families in a variety of Government and Private Settings. She spent a number of years working therapeutically with children and families in her private clinic, using Play Therapy.

Donna has completed extensive training in Play Therapy in Australia and also participated in the Association for Play Therapy, USA, conference and workshop series. She has been supervised by a world leader in Play Therapy Dr William Nordling, and from this, has gained a special interest in Filial Therapy / Child Parent Relationship Therapy.

Donna was a founding member of the Australian Play Therapists Association (APTA) and has been an Advisory Board member. She is now the President of APTA, the peak Play Therapy association in Australia. Donna has a special interest in training and is passionate and extremely committed to teaching others about the growth and healing of children through the power of Play Therapy.
